FPV & XR Car Club Wins a

The FPV & XR Car Club-SA has once again proven that they are the BEST Ford car club in SA, after winning 4 trophies at the annual SMASA Show & Shine yesterday.

Black & Gold was the winning combination, with Club President Brad taking out the "Top Sedan 1990-onward" with his XR6 Turbo, Sue taking second place in the "Top Sedan 1990-onward" with her GT, and Sue also winning the highly prized "Iron Maiden" trophy.

To top off the day, the club also won the trophy for Best Presented Car Club, and what a display it

was. With 3 colourful marquees, flags, Adelaide's best FPV's & XR's on display, and a happy group of members, this friendly car club sets the trends that the others try so hard to emulate.

Leigh Andrews from FPV in Victoria surprised all with his visit, and was clearly impressed with what the club had to offer, taking many photos and arranging for a set of F6 wheels to be sent over for the club trailer.

The FPV & XR Car Club-SA clearly leads the way when it comes to having fun!
