

To :- all members & guests .
Re :- The latest update

9th July 2009

Hello to all members and guests ,

Our next general meeting on Wednesday August 13th will be held at Maughan Thiem where Mike and the Maughan Thiem staff will provide some feedback on Fords direction and changes in our current economic environment .

There will be some light refreshments available .

Dri n shine will provide a detailing presentation and answer questions on your particular pride n joy .

Please members come along and support one of our major sponsors in what will be an informative evening that we all should be able to gain some knowledge from . Guests are also welcome .

Remember do not go to Sunnybrae cause we wont be there . (back there for the September meeting though)

From previous website preamble :-

I ask all members to provide some pictures of their cars so Brett can load them into the members page . Similarly any event pics you may have we need as well , either copy them onto a disk and hand them to one of the committee or email them to the club email info@fpvxrclub.com.au .

I feel very positive in the direction the club is taking and the fact the number of members is increasing would further strengthen that We are a flourishing group that many are envious of .

Any feedback or suggestions is encouraged and welcomed from any of the members or guests and should be emailed to info@fpvxrclub.com.au or myself president@fpvxrclub.com.au .

To our guests , please feel free to look through our website to see some of the great events and places we have been to in recent times . Eventually I hope to see an archive section where the events from our previous website are also on show . There is a link to our contact details on the home page so you can call or email us if you wish to come to an event or meeting . There are a few requirements for this but these details can be found on the link to "how to join" also on the home page .

Regards ,

Brad McAlpine .
PRESIDENT .
