

JUST CRUISING

A message from the President

G'day again guys, welcome back to another edition of our club newsletter!!

Well it's a wee bit chilly at the moment but hasn't it been great to get out in the car and cruise with the club! Some of the past events have been fantastic with an awesome mix of venues to relax and also some we could race at!!

We have a wide variety of cruises coming up in the year also so its definitely a great time to be an active member. Thanks again to the committee for your ongoing work in making this club work like a well oiled machine.

Covid had popped its head in the door again recently to say hello which made us adjust the calendar accordingly, I apologise to members for the inconvenience it may have caused but commend the committee on how rapid the response was in reacting to the changing situation, we promise to make it up to you later in the year.

On another note, the club quiz night is just around the corner, we haven't had one for a few years so it is "gearing" up to be a great night!! The organisers have been hard at work over the last few months to make sure it will be a fun evening for you all and don't forget to bring plenty of gold coins as well as your thinking hats as I am sure there will be plenty of laughs with our special guest MC's hosting the evening!

Keep on cruising!!

Adelaide Hills Cruise

Sunday 16th May

Hosted by Pat and Cassie Kerton

Although it was a chilly morning 16 cars and 28 club members set out for a drive through the Adelaide hills. After a shaky start our first stop was the Lyndoch Bakery where we all enjoyed a much needed coffee and for some a cake or pastry.

From there we had a great drive on some windy roads through Williamstown, Kersbrook and Cuddlee Creek heading towards our lunch destination at the Lobethal Hotel. We lost John and Lynne coming into Lobethal but it wasn't long before they were rescued and joined the group again. Lunch was delicious, we had the dining room to ourselves which was nice to talk to some new and old members and even some prospective members. Sue was the luckiest for the day, not only riding in her pony but riding on a pony at the pub.

After a nice lunch and lots of chatting we then made our way to our final destination of the day via Gorge Road to Ecco Gelato on North East Road at Holden Hill, surprisingly enough we all still managed to fit a yummy desert in before we rolled back to our cars to go home. Thanks to everyone who joined the cruise, a great day was had by all oh and sorry about the U-turn .

Pauls 60th Birthday Cruise

Saturday 5th June

Hosted by Paul and Trudy Minett

We set off with 11 cars on a damp and cold late afternoon.

Travelling up through Golden Grove to Banksia Park we managed to get through all the lights together. Winding our way up through Houghton and Inglewood on our way past the Chain of Ponds.

From there through Cuddly Creek, Lenswood and Woodside.

We took a scenic route through Inverbrackie and then on to Oakbank and Balhannah. By this stage it was getting dark and rainy.

Sean was enjoying his four wheel drive as we descended down Greenhill Road. A further two couples joined us for the birthday festivities. The Feathers hotel put on a spread of cocktail food and everyone had plenty to eat and a drink or two.

Thank you all for joining my Birthday celebrations and Pete and Helen for sweeping. I do concede that I may have picked up a trophy along the way.

My co-pilot, as usual was impeccable with her instructions.

Go Karts at the Bend

Sunday 20th June

Hosted by Liam and Rebecca

Early on Saturday morning 8 cars, 16 people and 1 puppy arrived at Frewville Foodland ready to set off to Tailem Bend. Fortunately, there were few lights to pass together as they head onto the South-Eastern Freeway. A calm and scenic route up to Tailem Bend saw no issues as the cruise progressed through the hills. Upon arrival at Go-Karting the excitement of ripping it around the track grew amongst the club members. Liam saw this as an opportunity to practice his drifting skills as

he slid around the track, at points failing and completely coming off the track. The Mosley brothers as per usual competitive, neck and neck in their efforts to take the winning title. It was, however, Brett that took the winning title from his sons.

For those not on the track Tony and Lee had coffee, tea, biscuits and just about everything that you could wish for, for a Saturday morning snack. Puppy Ollie caused havoc beside the track while everyone else enjoyed watching the karts fly past.

After Go-karts, the cruise to lunch was almost flawless and very short. Lunch at Riverside Hotel as expected delivered wonderful food from exceptional staff.

We would like to thank everyone that came out to the cruise and hope to see you all again very soon.

Please feel free to say a bit about yourself....

When we came to the open inspection for our current house, parked opposite was a Holden Commodore with personalised plates which read Skaife. Dannys first thought was to make sure Mike didn't see it because she didn't want him to refuse to make an offer. Mike actually ended up very good friends with the car owner and was a groomsman for him some years ago!

At our last meeting we voted on a new charity to support for the 2021/2022 year. I'd like to give you a bit more about our chosen charity Backpacks 4 SA Kids....

Backpacks 4 SA Kids run three unique programs – Backpack, Anchor Packs and Home Starter Packs. Each of our programs assemble packs with essential and personal items specific to the recipient's age and situation, providing some reassurance, comfort and familiarity in their changing world.

We work in conjunction with child welfare, child protection, family violence and homelessness agencies to provide as many displaced children as possible with a backpack.

Our story began when a couple of young families started collecting items to give to children, who through no fault of their own were faced with the situation of having to leave home with no possessions.

More friends and families assisted in collecting items to donate, and Backpacks 4 SA Kids was born. "Doing it for the Kids" is a driving sentiment, and Backpacks has now grown from a few packs organised in a carport to an organisation that assists over 3000 South Australian kids every year and is still growing. The creation of Anchor Packs and Home Starter Packs has enabled us to assist a further 5000 vulnerable children and young people annually.

There are many more children who need our help and support, and at Backpacks 4 SA Kids, we exist and strive to help as many as we can.

We are asking members help with donations for the charity, I'll be collecting anything you'd like to donate at the General Members Meetings and then collating the donations and taking them down to the warehouse on behalf of the club. Below you'll find a list of items they are in desperate need of (on their wish list) but anything you can donate would be great.

Combs, Hair Brushes, Face Washers, Kids Tooth Paste, Shampoo/Conditioner, Textas, Pencil Cases, Erasers, Chalk, Singlets Size 0, Girls Size 7 T-Shirts and Shorts.

And they are always in need of actual backpacks

Minimum dimensions are 42.5cm high, 28cm wide x 16cm deep.

If you would like anymore information check out their web site at www.backpacks4sakids.org or their facebook page.

On the next page it explains more about one of their unique programs, Backpacks.

Backpacks

The backpacks we provide help to relieve some of the stress and anxiety children face when they are removed from their family, often in traumatic situations and without the opportunity to take any personal belongings with them.

The backpacks provided contain age appropriate emergency clothing, toiletries and other necessary supplies (such as nappies, bottles and cuddle toys) for children aged 0-16 years who are taken into care as a result of neglect or abuse, or who need to quickly leave their homes due to family violence, or who are experiencing homelessness.

We commenced in 2012, assisting 540 children in that year, and now assist over 5,800 children per year, and around 1000 carers, as demand for our service increases.

In the coming year we anticipate requests from agencies for around 6,500 backpacks. All work in the organisation is undertaken in our warehouse by volunteers who sort, store and pack donated goods into the emergency backpacks, one of which goes to each child.

Backpacks 4 SA Kids provides these backpacks because 9/10 children who have been displaced from their homes do so with just the clothes on their backs. This can cause extreme stress and anxiety, but a simple backpack filled with the basic essentials and some distraction items can help reduce that stress and anxiety.

The backpacks we provide help to relieve some of the uncertainty children face when they are removed from their family, often in traumatic situations and without the opportunity to take any personal belongings along with them.

Our aim is to provide a backpack full of useful items that these children, from newborn babies through to young adults, can call their own, providing reassurance and comfort from their changing worlds.
