

# JUST CRUISING

## A message from the President

Well its not long now until the big day, and no I'm not talking about a visit from the big man in a red suit, its All Ford Day!! The All Ford Day Committee have been hard at work to make sure they have everything in order and haven't forgotten any small details in the lead up to the event on the 17<sup>th</sup> October.

I know I sound like a broken record but it is so so important that we have all hands on deck on that weekend due to the extra obstacles that have been thrown at us within the current environment.

As we have said previously you don't need to enter your car to be judged, just having you guys there helping and being part of our club display will be so appreciated. If you have entered or can help don't forget to let Sean, Kim, Paul or Dennis know so they can put you on the list. Its shaping up to be one of the biggest events in the clubs history.

On another note, although our past events have been few and far between (thanks Covid), they have been fantastic and our upcoming ones are looking great. It's great to see the amount of members coming out to each cruise. I am sure we are the envy of all the other clubs with how active we are!! Lets all keep up the great work!!

Keep on cruising!!

A handwritten signature in black ink, appearing to be 'Brett Moseley'.

# Quiz Night

## Friday 19th July

Well the 2021 Quiz night did not disappoint!

Thanks to all members, their family and friends who came along to support the club at our quiz night. We started the night with a full room of 11 teams and you could feel the competitiveness in the air the second we got everyone seated. Then our mystery Quiz Masters were introduced, past members Darren Phillis and his lovely partner Kelly who did an amazing job and kept the night flowing to schedule with some laughs along the way. The first winners of the night with the most creative team name was The Cortinas on table 28 who won a goodie basket to help them through the quiz.

At the half time break and after completing four rounds it was a close game with "Quiz On Your Face" in the lead with 29 points and then close in second of "Let's Get Quizical" on 26 and three teams on 14 points in equal last place. Everyone had time to bet on the silent auctions, play the coin toss and enjoy some supper. Congratulations to Mark Kraft on winning the bottle of scotch and Paul Minett for winning the Maughan Thiem any car you want for the weekend.

During the night we had three mystery rounds which the results were not released until after the rest of the points were tallied.

At the end of the quiz the placings were:

Quiz Rounds scores			The scores for the Mystery Rounds were		
TABLE NAME	TABLE	TOTAL	TABLE NAME	TABLE	Mystery Round Points
Quiz on your face	36	50	CWAFT	32	38
Lets get quizzical	37	42	Dipsticks	39	32
CWAFT	32	40	Lets get quizzical	37	32
Not the Brainiacs	26	37	Quiz on your face	36	31
Dipsticks	39	34	Not the Brainiacs	26	30
The Cortinas	38	28	NFI	35	24
NFI	35	27	Wild Ponys	31	24
E=MC2	33	26	Pat is Macauleys #1fan	34	23
Pat is Macauleys #1fan	34	26	E=MC2	33	23
BA Baracus	40	26	BA Baracus	40	20
Wild Ponys	31	22	The Cortinas	38	20

#### Overall Placings

TABLE NAME	TABLE	TOTAL
Quiz on your face	36	81
CWAFT	32	78
Lets get quizzical	37	74
Not the Brainiacs	26	67
Dipsticks	39	66
NFI	35	51
Pat is Macauleys #1fan	34	49
E=MC2	33	49
The cortinas	38	48
BA Baracus	40	46
Wild Pony's	31	46

Congratulations to the winners of the night "Quiz on Your Face" and commiserations to the losing team "Wild Pony's".

The club raised \$2463.79, I would like to thank everyone involved in the quiz night, those who helped, donated and attended and a huge thank you to Darren and Kelly, without you all the night would not have been the success it was.

# Charge your Batteries Cruise Sunday 15<sup>th</sup> August Hosted by Dennis Smith

After a couple of false starts due to the Covid lockdowns we finally managed to get a cruise underway. Instead of a BBQ which would have been awkward due to the uncertainty with covid social distancing rules we thought we'd play it on the safe side, and we get a cruise done instead. Besides, for those of us that don't use our cars as our daily drivers we really needed to get those cars out and get those batteries charged.

As luck would have it the weather was fantastic for a winter's day, and we had 14 cars which was a great turn out. After cruising our way through One Tree Hill, Kersbrook, Gumeracha, Mount Torrens and Tungkillo we finally made it to our destination at Palmer lookout where we stopped for a good catch up chat and some nice photos. It was a pretty smooth run there without getting anyone lost!

After a quick(ish) rest stop break at Tungkillo we headed back to One Tree Hill via Birdwood. So far so good until I gave the instruction to turn right at Birdwood and I lost two thirds of the cars who went straight ahead oops! I think I may need to upgrade my UHF to a 5-watt radio! Anyway, most of us managed to get together again near Forreston Road and cruised back through to Kersbrook where we all finally got all back together and cruised down the hill to One Tree Hill and said our goodbyes over the radio and headed off.

Hopefully everybody had a great day.

### Save the Dates

As it's coming up to the silly season we thought we would release dates for the upcoming cruises for the rest of the year. Hopefully there will be no changes, no lockdowns and no more restrictions. Keep an eye out closer to the event for the flyers.

Sunday 17th October	All Ford Day
Saturday 30th October	Halloween Cruise
Friday 5-Sunday 7th November	Riverland Auto Expo
Saturday 20th November	Milang Picnic Cruise
Friday 3rd December	Christmas Party
Saturday 18th December	Lights Cruise

As most of you will be aware All Ford Day SA 2021 is getting closer. This is a major event for our club and requires commitment from **all members** to participate in any way they can to ensure the event runs smoothly.

While important to the club as a form of fundraising, it is also crucial that we keep the event running for the larger Ford community as it is the biggest Ford enthusiast event in SA.

Due to the importance and hard work required to run this event, my expectation is that all members attend this event and support in any way they can. We appreciate and need everyone's support!

We understand that not all members are into the car show style events, but this event is more about having support from members for setup and operation of the event. It is also a great opportunity for our club to show the strength in numbers and variety of vehicles we have within our club. So, it would be great to have as many club vehicles on display as possible. Even if you don't want to display your vehicle, I would encourage all members to come and assist on the day anyway. If you have any friends or family keen to help, we certainly won't turn them down either!

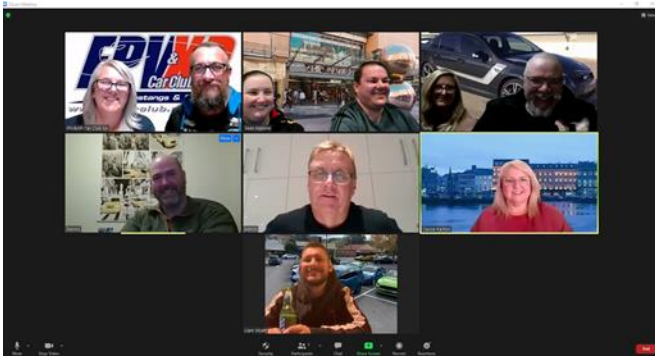

As mentioned at the last meeting, Sean is more than happy to provide further information to new members and also assist any members with information on the judging process. This includes how to help as a volunteer judge on the day as well as how to prepare your vehicle for a show n shine.

Next meeting we will have a list of jobs for the Saturday set up and Sunday for the show, we will then form a roster which will go out to all members. We also require members to have their Covid Marshall Training for the event, if you can complete the training on line and then forward your certificate to Robyn to keep on file for the day.

Thanks for your support,  
Committee and All Ford Day Committee

## Tourquing Points

Nice to see the Committee are keeping up with the times, our last two meetings have been via Zoom (Pete and Helen were apologies).

A big happy 80<sup>th</sup> Birthday to our life Member Peter Wadham! We all hope you enjoy your day and many more birthdays to come!

Did you know, back in 1965, Ford wanted to make a statement and the company decided to place a Ford Mustang onto the observation deck of the Empire State Building, knowing full well it would gain plenty of headlines. Of course, getting the car to that point was a much trickier process than people realized, and the Mustang had to be separated into four separate pieces, with the resident elevators being used to transport them up to the deck.

## Charity News

Just want to thank everyone who has kindly donated goods and money to our chosen charity. Here is some more information of the wonderful services they provide.....if you want to look into the charity check them out on face book or at <http://backpacks4sakids.org/>

## Anchor Packs

We have recently been made aware by Youth and Homelessness agencies of the need for a different type of emergency pack geared to the needs of young people aged 12-25 years experiencing primary or secondary homelessness (broadly speaking sleeping rough or having only temporary, unsafe or unsuitable accommodation such as sleeping on friends' couches).

These young people are highly vulnerable to danger, violence, sexual exploitation, illicit drugs, other unlawful behaviors, and compromised mental health and well-being. They often are not well linked with agencies which could offer support, advice and positive pathways for the future, and many of them have not accessed financial support (for example from Centrelink) due either to reticence to engage with authorities, or low levels of literacy and numeracy which makes such access difficult without an advocate.

The gaps in current service delivery include the gap we are seeking to fill with Anchor Packs, namely an easily-accessible resource which provides the immediate emergency items to help keep young homeless people as physically, emotionally and mentally as safe as possible while attempts are made to connect them with more long-term assistance and supports to assist them toward a more positive future.

Research consistently demonstrates that young people experiencing homelessness face major threats to their physical, sexual, emotional and mental wellbeing and consequently to their long-term ability to lead safe, fulfilling lives and develop their capabilities and potential. A homeless young person has immediate needs for tangible items like those we will put in the Anchor Packs for weather protection, personal hygiene, and transport costs, plus information we will include on how and where to get help. But the young person also needs items such as pencils and sketchpads to give them some distraction and 'mental space'. Importantly, the need to feel someone cares about their well-being is equally vital, as we have discovered from feedback from Backpacks recipients. We and the agencies with whom we liaise consider the Anchor Packs will make a positive difference to the lives of young people by providing emergency items, information and the boost to self-esteem gained by young people in crisis situations in knowing there is help available and people do care about them. Ultimately, we hope this small intervention will contribute to enhanced well-being and a reduction in threats like long-term homelessness, substance abuse, unwanted pregnancy, interaction with the justice system and social exclusion.
